

## UNIVERSITY EXPANDS BOARD OF TRUSTEES

(From *Rivier Today*, Spring 2018)

**R**ivier University recently welcomed two new members to the Board of Trustees, enhancing the Board's expertise in architecture, engineering, and manufacturing.

**John Stebbins** specializes in construction, architecture, and engineering. He is a Project Manager for XSS Hotels, a hotel development company. The company has opened several Marriott, Hilton, and Hampton Inn properties in New England, New York, and New Jersey. John holds a B.A. in Theology from Georgetown University and a Master of Architecture degree from Virginia Polytechnic Institute.

**Gerardine Ferlins** has 40 years of manufacturing and leadership experience. She is the founder of Cirtronics Corporation and currently serves as President/CEO. Cirtronics is a contract manufacturing business that builds complex technical products for high-tech clients. Gerardine has also served on the Boards of NH Catholic Charities, Business Industry Association of NH, New Hampshire Community Loan Fund, and Vested for Growth. She holds a B.A. in Sociology from the College of St. Rose. ■
