

RIVIER UNIVERSITY INTRODUCES THREE NEW PROGRAMS

(From Rivier Today, Spring 2018)

Rivier University will offer three new, in-demand degree programs. A **B.A. in Psychology with a track in Substance Use Disorders (SUD)** will launch in fall 2018. The program will provide the educational component necessary for Licensed Alcohol and Drug Counselor (LADC) licensure. In addition to academic preparation, licensure generally requires passing an exam, completing a case study, and documenting 4,000 hours of post-baccalaureate, SUD counseling.

In fall 2019, the University will introduce bachelor's degrees in Cybersecurity Management and Sport Management.

The **B.S. in Cybersecurity Management program** will prepare undergraduates with specialized education in business, computer science, cybersecurity, and homeland and international security.

The **B.S. in Sport Management degree** will focus on sport management and administration, marketing, accounting, finance, and communications. ■
