

THE POWER OF GATHERING

(From *Rivier Today*, Spring 2018)

The Dion Center has long been a gathering place for Rivier students and the community, alumni, local partners, business leaders, and dignitaries. It serves as a welcoming space for the exchange of ideas, a shared meal, hosting guests, and celebrating faith, friendships, and service to others.

The Center's revitalization completed in the fall of 2017 created a welcoming entrance from Clement Street and inviting spaces that foster collaboration. "As we strive to create a powerful first impression, we will proudly welcome prospective students and their families, alumni, and invited guests to this renovated space which reflects our commitment to community engagement," says **Sister Paula Marie Buley**, IHM, President.

In addition to serving as the campus hub for activities, events, and speakers for Student Life, Admissions, and University Advancement and Alumni Relations, the facility provides a conference venue for corporate partners and non-profit agencies such as BAE Systems, Enterprise Bank, Greater Nashua Chamber of Commerce, Greater Nashua Mental Health Council, and more. ■
