

## COSTA RICA TRIP (APRIL 13-20, 2019)

(From *Rivier's News*, April 5, 2018)

# COSTA RICA

**Office of Global Engagement**  
**Faculty-Led Teaching Trip**

**April 13-20, 2019**

**Biotechnology and Sustainability Service Learning**  
*Faculty Leaders: Dr. Karen Spohn and Dr. Jocelyn Fraga Muller*

Explore biotechnology and sustainability advances in a country where these are a national priority. Students and faculty will work to address issues related to sustainable business and environmental practices. In collaboration with the National University of Costa Rica, participants will engage in discussion and service projects that positively impact the environment and local economy, and explore the cultural landscape.

Contact the following faculty for more information:  
[Karen Spohn, KSpohn@rivier.edu](mailto:Karen.Spohn.KSpohn@rivier.edu)  
[Jocelyn Fraga Muller, jfragamuller@rivier.edu](mailto:Jocelyn.Fraga.Muller.jfragamuller@rivier.edu)

**Join Us and Earn Course Credit!**  
Students will receive credit for either BIO385 Integrative Biotechnology or BUS430 Sustainable Solutions.
