

THE ART GALLERY AT RIVIER UNIVERSITY PRESENTS “SUBTLE HARMONIES: ART AND CRAFT FROM JAPAN”

(March 18 – April 29, 2019)

“Some of you may remember **Eric Drouart**, former professor in the Business Department. Before coming to Rivier, he and his wife, **Antoinette**, lived and worked in Japan, became enamored of the country and its customs, and began a collection of Japanese art. Currently, The Art Gallery is showing selections from their holdings. As Gallery Director I am pleased to invite you to visit the exhibition, on view through April 29th, and to attend a reception with Eric and Antoinette on April 13th. Also, Antoinette, a certified Master/Teacher in Sogetsu Ikebana (traditional flower arranging), will give a demonstration on April 9th. And Eric, who has had extensive international marketing and general management experience in Tokyo, as well as Paris and New York, will speak on Japanese business culture on April 11th, 2019.”
