

NH STEM EXCELLENCE IN TEACHING AWARD: SUZANNE SCHEDIN '96G

(From *Rivier Today*, Fall 2019)

Suzanne Schedin '96G recently received the NH STEM Excellence in Teaching Award. This award recognized her work to create a STEM lab in her elementary school in Milford, NH. Suzanne wrote and won several grants to provide funding for video equipment, a LEGO wall, engineering supplies, and tools. She also created a robotics program for students in the school, which now has eight robotics teams. ■
