

FACULTY SPEAKER SERIES – DR. WILLIAM SCHMIDT

(November 17, 2020)

Dan Speidel
Director, The Regina Library, Rivier University

FACULTY SPEAKER SERIES

*Presented by Regina Library
Sponsored by the Rivier University Alumni Association*

Dr. William Schmidt

Learn about Rivier professor Dr. William Schmidt's research on:

**Molecular Effects of a Post-Translational Modification
of a Critical Muscle Protein Involved in Determining
Cardiac Function and Performance**

Tuesday, Nov. 17
12:30 p.m.

Virtual event
Register via Zoom:

<http://bit.ly/faculty-speaker-series>

Protein-protein interactions at the molecular level are what directly determine the functional state of muscle. Dr. Schmidt's research has characterized the effects of a protein modification in muscle that can potentially be exploited to help alleviate certain cardiac diseases.
