

CELEBRATING 90 YEARS OF IMPACT (1933-2023)

(From *Rivier Today*, Spring 2023)

For 90 years, Rivier has been a leader in higher education in New Hampshire, preparing the largest number of nurses in the state and recognized for graduating exceptional teachers, educational administrators and business/community leaders who serve at the forefront of New Hampshire industries and organizations. With programs from the associate to doctoral level, the University offers in-demand academic programs that support the workforce needs of the state and region.

At the heart of Rivier's contributions to the state and the higher education community is its core mission of transforming hearts and minds to serve the world. A steadfast focus on lifelong learning, service, and civic engagement continues to elevate the Rivier educational experience and has inspired and enabled graduates to pursue successful careers and lives of service.

Rivier's history provides a foundation to go boldly into the future with its next strategic plan that will launch in the fall of 2023. The University's extensive footprint throughout the city, state, and region is celebrated on the pages below.

The University is an economic engine for the city of Nashua and the state of New Hampshire, having a powerful impact on the state's economy annually and serving as a key driver of the region's workforce pipeline.

WORKFORCE

25,000+ Alumni

Nearly 75% of graduates live in and contribute to the economic growth of the New England region. Additionally, graduates reside in every state in the U.S. and in 32 countries around the world. Rivier graduates are transforming hearts and minds to serve the world throughout numerous industries and professions.
