

WORDS & BEYOND

Sr. Theresa Couture, M.F.A., D.Min.

As the iPad stretches the parameters of the e-book and plays its role in transforming a host of reading habits, it is inevitable that the book itself raises new questions about its time-honored function, its relevance, and, consequently, its future. The current exhibition at The Rivier College Art Gallery presents the work of three widely acclaimed artists who address *the idea of the book* in an exploratory and experimental fashion. The effect is stunningly beautiful and thought-provoking.
