

Objective: To determine whether the student can seek and use information effectively and responsibly.

Criteria	Yes Somewhat No N/A Unknown
1. Demonstrated the ability to determine the nature and of types of information needed to support an argument or research assignment.	
2. Found number/type of sources specified in assignment parameters.	
3. Found credible sources – articles from library databases or journals, images, books, media, open access materials or web resources that pass the 5Ws 1H test.	
4. Cited all sources listed in Works Cited/References List in the body of the paper or poster.	
5. Cited all sources that appear in body of the paper/poster in a Works Cited or References list.	

Instructions for raters:

Yes, means all the sources in the student paper or presentation met the criteria.

Somewhat, means some met the criteria and some did not. Please add specific notes, in the box or on the back of this sheet, explaining which criteria was only met “somewhat” and why.

No, means none of the sources met the criteria.

N/A, means the criteria isn’t applicable to the assignment requirements.

Unknown, means the information wasn’t provided by the student or in the assignment requirements.
