STAFF PICK OF THE MONTH

"Loving Vincent"
Recommended by Christie Cho
This film had me sitting with my mouth hanging open for a good half-hour when I first saw it— it’s just that stunning! A tremendously ambitious and incredibly beautiful work, this remarkable movie takes place after Vincent van Gogh’s death and follows the journey of a postman’s son who is tasked with delivering van Gogh’s final letter. Though his encounters with the last people to interact with van Gogh, we’re made to question the validity of what we now consider to be common knowledge about this ground-breaking artist. Harnessing the artistic skills of 125 artists, a whopping 65,000 van Gogh-inspired paintings were completed to create this one-of-a-kind animated film.

DID YOU KNOW

about the Rivier University Archives?

The Rivier University Archives houses a wide variety of materials that tell the story of our University. There are photographs, videos, audio recordings, university and student publications, plus lots of interesting memorabilia that document Rivier’s history. It’s available to students and faculty for reference and research use; just send an email to archives@rivier.edu or call the Archives at x8278 to set up an appointment. Artifacts will be on display this month at Regina Library; be sure to stop by and take a peek! Interested in learning more? Check out the Archives blog!

Good News about Group Study Rooms!

Booking a Group Study Room just got easier! You will still receive a confirmation email (check your junk and clutter if it’s not in your inbox) but you no longer need to follow up. Simply arrive within 15 minutes of your reserved time with your group—your room will be automatically confirmed when you book.

MEET THE LIBRARY STAFF

Elaine Bean
Technical Services Librarian
Would you rather be able to stop or travel through time?
I think I would like to travel back in time. For a number of years, I have been working on the genealogy of my family and my husband’s family. I would love to go back in time and meet some of the women and men I have found in both our family trees. Many of them seem to have had very interesting lives.

Who would you choose to ghostwrite your autobiography?
If I could choose anyone at all… that’s a hard choice but maybe Charles F. Herberger who was my English professor in college. He published Thread of Aradane, Riddle of the Sphinx, Centerville Scenes, A Yankee at Arms, and Making It with Metaphors. His lectures were fascinating and he was so articulate.

What is your favorite library program/service?
If I love all the “cool” furniture and the wireless access we now have throughout the library. When I first came to work in the library there were only wooden straight back chairs!
